Overview

Career Village is an initiative designed by Qatar Career Development Center, a member of Qatar Foundation for Education, Science and Community Development, to provide support for high school students. The event will take place on April 9-11, 2018, from 8:00am to 1:00pm. The first day of the event will be dedicated to public schools' male students; the second day will be dedicated to public schools' female students; while private schools' students will be welcomed on the third day.

Career Village brings together representatives of leading Qatar-based organizations and institutions from numerous industries including:

- ◆ Education
- ◆ Business and Finance
- ◆ Energy and Manufacturing
- ◆ Communication and Transportation
- ◆ Health
- ◆ Security
- ◆ Media
- ◆ Culture

Objectives

The initiative aims to instill a strong career culture among Qatari high school students and to familiarize them with the dynamics and challenges of Qatar's labor market.

The event will introduce students to career fields that enable them to best serve their country. Career Village will also contribute to educating students on academic specialties and career opportunities through discussions with representatives of companies, institutions and universities taking part in the Village. Students will also have a chance to participate in interactive activities, offered by these institutions, to learn about different professions.

Target

- ◆ High School Students
- ◆ Parents

Date

The event will take place on April 9-11, 2018, from 8:00am to 1:00pm. The first day of the event will be dedicated to public schools' male students; the second day will be dedicated to public schools' female students; while private schools' students will be welcomed on the third day.

Besides, the Career Village will be open to the public on April 11, 2018, from 4:00pm to 7:00pm.

Activities

The participating institutions will deliver introductory sessions to the students that aim to familiarize the students with the various careers they offer, and help them learn about scholarship and internship opportunities at these institutions.

Students will also visit exhibits where leading organizations will showcase interactive activities. The visits will offer students the opportunity to learn about different professions and work requirements, which will help them better plan their future career path.

Participating Institutions

Education

Qatar University

Qatar University comprises nine colleges: Arts and Sciences; Business and Economics; Education; Engineering; Health Sciences; Law; Medicine; Pharmacy; and Sharia and Islamic Studies. Over the years, the University has continually expanded its wide range of new programs—the largest selection in the country—while fastidiously seeking the highest international accreditations, and ensuring they are aligned with the growing needs of the labor market and the aspirations of the society it serves. It currently boasts a population of over 20000 students, and an alumni body of over 40,000.

Qatar University proudly offers an extraordinary group of over 2,000 prestigious faculty, ranging from carefully selected international experts, to Qatar's own top national minds. Every faculty member is recognized for their experienced research and/or tireless dedication to students, and is able to share a greater passion and insight into their field and how it can help apply to regional needs, as we pursue the National Vision.

Virginia Commonwealth University School of the Arts in Qatar

VCUarts Qatar is the Qatar campus of the prestigious Virginia Commonwealth University School of the Arts in Richmond, Virginia. Established in 1998 through a partnership with Qatar Foundation, VCUarts Qatar offers students the opportunity to earn a Bachelor of Fine Arts degree in graphic design, interior design, fashion design and painting & printmaking, a Bachelor of Arts degree in art history and a Master of Fine Arts degree in design. In addition to a comprehensive annual public events program that includes a wide range of exhibitions, lectures and fashion events, the University hosts the biennial international design conference Tasmeem and the biennial Hamad bin Khalifa Symposium on Islamic Art, attracting globally recognized designers, academics and thinkers while fostering sustainable, university-community partnerships that enhance the educational, economic and cultural vitality of Qatar. VCUarts Qatar students have access to the latest technology and state-of-the-art facilities, from a visual effects studio and other media facilities, to 3D digital fabrication laboratories, and a materials library. VCUarts Qatar graduates are pursuing successful careers within the government, non-profit and private sector industries in Qatar and around the world. Many graduates have gone on to establish their own businesses, thereby contributing to the development of the small and medium enterprise culture in Qatar.

Education

College of the North Atlantic Qatar

As Qatar's premier technical college, College of the North Atlantic – Qatar (CNA-Q) has a special obligation to the students and industry of the State. Our mandate, to provide the best hands-on, technical training is fulfilled by hiring the best of Canada's instructors and taking advantage of industry-standard equipment in our specialized classrooms and laboratories.

A proud partnership between the State of Qatar and College of the North Atlantic in Newfoundland and Labrador, Canada, CNA-Q offers an unparalleled educational experience to students from more than 20 countries. In addition to diploma programs in Business Studies, Engineering Technology, Health Sciences and Information Technology, CNA-Q offers a full-range of student activities and clubs.

Since 2002, CNA-Q has graduated more than 4,500 students to enter the workforce locally and contribute to Qatar's National Vision 2030. Many of these students have taken advantage of the pathways created by CNA-Q to continue their education and receive Bachelor's and even Master's degrees in their chosen fields.

Qatar Airways

Qatar Airways is proud to be one of the youngest global airlines to serve all six continents, and thanks to our customers' response to our offerings, we are also the world's fastest-growing airline. We connect more than 150 destinations on the map every day, with a fleet of the latest-generation aircraft, and an unrivalled level of service from our home and hub, the Five-star airport, Hamad International Airport in Doha, the State of Qatar. Travel today involves a mix of short, medium and long-haul segments, with more people travelling than ever before. With the breadth of network coverage today, virtually no destination is unreachable. This is why the commitment to service is paramount; as our guests are travelling farther and more frequently than ever before, the experience on board is an important part of the journey itself. Since our launch in 1997, Qatar Airways has earned many awards and accolades, becoming one of an elite group of airlines worldwide to have earned a 5-star rating by Skytrax. Voted Airline of the Year by Skytrax in 2011, 2012, 2015 and most recently in 2017, Qatar Airways has won the confidence of the travelling public. We have accomplished these goals by focusing on the details – how we run the business, and how you experience our airline.

Health

Hamad Medical Corporation

Hamad Medical Corporation (HMC) is the main provider of secondary and tertiary healthcare in Qatar and one of the leading hospital providers in the Middle East.

For more than three decades, HMC has been dedicated to delivering the safest, most effective and compassionate care to all its patients.

HMC manages 10 hospitals – seven specialist hospitals and three community hospitals – as well as the National Ambulance Service and home and residential care services.

In January 2016, HMC achieved the significant distinction of becoming the first healthcare system across the globe to have all its hospitals accredited by Joint Commission International under the Academic Medical Center accreditation program. Additionally, the National Ambulance Service, Home Healthcare Service, Stroke Service and Palliative Care, have all received this prestigious accreditation since 2011.

To meet the needs of a rapidly growing population, HMC has announced ambitious plans to expand capacity across its network through to 2030. This expansion plan includes a further three new hospitals in Hamad Bin Khalifa Medical City.

Health

University of Calgary in Qatar

The University of Calgary's Faculty of Nursing is renowned in Canada for its excellence in clinical practice and family health care. Our nursing students in Qatar are educated to the same Canadian standards and receive the same credentials as students at the Calgary campus.

UCQ is at the forefront of health promotion and disease prevention in Qatar. While educating the future nurses of Qatar, we will engage individuals, families and communities in activities designed to enhance family capacity to attain and improve health. Our nursing students and graduates will practice in the community, in primary health centres, in clinics and schools in addition to acute care hospitals. Our program exemplifies a vision of modern nursing that develops graduates who deliver evidence-based health care and are strong critical thinkers and change agents, whose focus is the entire family.

Security

Police College

Police College (Qatar) is a security college that works under the Ministry of Interior – Qatar and it has been established as per the Emiri Decree No. 161/2013, issued by His Highness Sheikh Tamim Bin Hamad Al Thani, the Emir. The College is supervised by a Supreme Council that consists of 10 members representing the different authorities inside and outside the ministry. The College was established as a translation of Qatar Vision 2030 with respect to the Interior Ministry, which aims to strengthen its human resources with highly qualified and trained officers in order to achieve the highest competency in prevention of crime and its control and thus maintaining order according to the law and the Constitution. The college targets preparing scientifically and practically trained cadres in the police science and legal areas to be appointed as officers in the force. In addition, it will also develop curricula and methods of education and training to keep pace with the evolution of the knowledge in the legal and police fields. The first batch of students was enrolled at the College on Saturday, 16 August 2014 for the academic year 2014 -2015. They were 130 students from the State of Qatar and other the Arab states. The second batch of candidate students were received on 5 October 2015.
